Regulatory Bulletin 37a

Introduction

The Office of Thrift Supervision introduced the *Examination Handbook* in November 2004. The *Examination Handbook* is a comprehensive handbook that combines safety and soundness and compliance guidance and replaces the Thrift Activities and Compliance Activities Handbooks.

We adopted a new, computer-friendly format for the Examination Handbook. The handbook sections link to the attachments, such as the Examination Program, Questionnaire, and Appendices. We will continue to issue new sections and post them to the OTS website under *Examination Handbook*. We deleted the Thrift Activities and Compliance Activities Handbooks from the website.

The OTS website includes a free service that provides subscribers with an e-mail alert when new material is posted to our public Internet site. To subscribe to this service, go to <http://www.ots.treas.gov/subscription>.
