RE: Nationwide Mortgage Licensing System & Registry

Dear Sirs;

Tulsa Federal Credit Union has been making mortgage loans for more than 30 years. We have developed a mortgage loan program which is beneficial for our members. The Credit Union doesn't participate in the secondary market; nor does the Credit Union sell our loans.

The Credit Union prides itself in hiring quality personnel and feel that it would be invasion of their privacy to have their personal information linked to a Registry.

Federally chartered credit unions along with other financial institutions are regulated by a federal and/or a state agency. We are audited by a private CPA firm annually, and have regular scheduled audits by our regulators.

Thanks for taking the time to listen to my opinion.

Sincerely,
